

Emory Synapse

Brain Injury Support Organization

Synapse is a national organization that empowers students to work together to improve the lives of those living with brain injury and post concussion syndrome in the Atlanta community through three core events:

Peer Support **Buddy System** **Lectures**

Through these programs, Emory students and faculty will connect with and learn from individuals with brain injury in order to more fully understand and address the needs of the community.

If you are interested in joining us or would like to learn more about Synapse, please
